

bespoke LED lighting

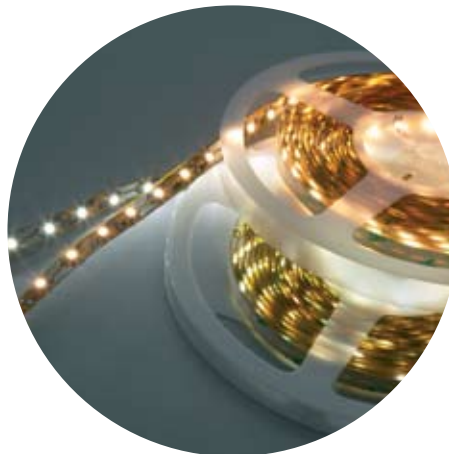

- bespoke linear and flexistrip LED's for a variety of applications
- LED colour options including colour changing
- low energy consumption
- low maintenance
- ideal for compact lighting solutions
- simple installation

linear board

side view flex

back light module

flexible LED strip

code	description	colour	length	width	current	power output	lumen output	driver type
LED147	480mm linear LED board with jack connectors	NW	480mm	10mm	190mA	2.5W	60	12V DC
LED150	480mm linear LED board with jack connectors	WW	480mm	10mm	190mA	2.5W	45	12V DC
LED151	570mm linear LED board with jack connectors	RGB	570mm	10mm	500mA	6W	135	12V DC
LEAD036	linear LED power cable							
LED148	High output backlight module with 4 LEDs	NW	37mm	32mm	0.80	0.96W	15	12V DC
LED149	High output backlight with 2W LEDs	NW	83mm	20mm	0.35	2W	120	12V DC
LED-5000-FLEX-NW	Flexible LED strip	NW	5000mm	9mm	1.75A	21W	500	12V DC
LED-5000-FLEX-WW	Flexible LED strip	WW	5000mm	9mm	1.75A	21W	400	12V DC
LEAD032	Flexible LED Power Cable							
CLA062	Flexi LED connector							
LED-5000-FLEX-NW	Sideview flexible LED reel	NW	5000mm	10mm	2A	24W	540	12V DC
LED037	Sideview LED power cable
