

## energy efficient T5 linkable slimline fittings features:

- long-life up to 20,000 hrs
- 220-240V AC 50/60 Hz
- energy efficient T5 technology
- built-in electronic ballast
- energy saving
- triphosphor lamp with high colour rendering index
- class I rated - fully earthed
- space saving compact connector system
- polycarbonate cover for lamp
- rapid flicker free start & even illumination
- all mounting clips and screws included
- up to 10 fittings can be linked together
- manufactured to specification BS EN 60598-2-1 (CE) (V)
- connecting and power leads available in various lengths

### specifications

code	description	length (mm)	width (mm)	height (mm)	voltage (V)	input current	number to be linked
ADVF8WA	8 watt T5 fitting	311	20	40	220 - 240 V	0.06A	10
ADVF13WA	13 watt T5 fitting	537	20	40	220 - 240 V	0.135A	10
ADVF14WA	14 watt T5 fitting	572	20	40	220 - 240 V	0.14A	10
ADVF21WA	21 watt T5 fitting	872	20	40	220 - 240 V	0.11A	10
ADVF28WA	28 watt T5 fitting	1172	20	40	220 - 240 V	0.13A	8
ADVF35WA	35 watt T5 fitting	1472	20	40	220 - 240 V	0.16A	6

### connecting blocks

code	description	dimensions (mm)
TRI-PLU6-SAT6	6 way multiblock connector	135 x 48 x 24

6 way Multi-block connector

### link leads

code	description	length (mm)
LEAD010 - 150 - AL	angled away from lamp	150
LEAD010 - 150 - ST	straight	150
LEAD010 - 150 - TL	angled towards lamp	150
LEAD010 - 300 - AL	angled away from lamp	300
LEAD010 - 300 - ST	straight	300
LEAD010 - 300 - TL	angled towards lamp	300
LEAD010 - 600 - AL	angled away from lamp	600
LEAD010 - 600 - ST	straight	600
LEAD010 - 600 - TL	angled towards lamp	600
LEAD010 - 1200 - AL	angled away from lamp	1200
LEAD010 - 1200 - ST	straight	1200
LEAD010 - 1200 - TL	angled towards lamp	1200

mounting kit
