

Advance LED Lighting Solutions new Partem emergency bulkhead is an IP65 surface mounted luminaire built for lighting large industrial areas. With it's high ingress protection rating it is perfectly suited for use as a final exit bulkhead to provide further emergency lighting even after a building has been evacuated. The Partem is built with an open-area lighting channel that is perfect for reducing the amount of fittings needed to sufficiently light a space to meet emergency lighting criteria.

Key features

- Colour temperature 6500°K
- Operating temperature (range): 0° to +40°C
- CRI: >70
- IP rating: IP65
- L70 54,000 hours
- Warranty 5 Years
- Wattage: 3W
- Lumen output: 150 lumens
- Self Test option available on request
