

Advance LED Lighting Solutions new Certus emergency bulkhead is an IP65 surface mounted luminaire that can be both ceiling and wall-mounted and used for lighting large industrial areas.

The Certus has a Lithium Ion battery and with it's high ingress protection rating it is perfectly suited for use as a final exit bulkhead to provide further emergency lighting even after a building has been evacuated. The Certus can be used as both a stand-alone bulkhead and an emergency signage system and also comes with a self-test function.
